Subpart 5511—Free Use Regulations

§5511.1 Act of 1878.

§5511.1-1 Free use of timber on mineral and nonmineral public lands.

(a) *Lands on which timber may be cut.* Free-use permits to cut timber may be issued covering public lands as follows:

(1) Mineral lands, unoccupied and unreserved and not subject to entry under existing laws of the United States, except for mineral entry, in the States of Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, South Dakota, Utah, and Wyoming. (Act of June 3, 1878, 20 Stat. 88; 16 U.S.C. 604 through 606);

(2) Nonmineral, unoccupied, and unreserved public lands in the States mentioned and also in the States of California, Oregon, and Washington.

(b) *Kind of timber which may be cut.* The proper protection of the timber and undergrowth necessarily varies with the nature of the topography, soil, and forest. No timber not matured may be cut, and each tree taken must be utilized for some beneficial domestic purpose. Persons taking timber for specific purposes will be required to take only such matured trees as will work up to such purpose without unreasonable waste. Stumps will be cut so as to cause the least possible waste and all trees will be utilized to as low a diameter in the tops as possible. All brush, tops, logs, and other forest debris made in felling and removing timber under this section shall be disposed of as best adapted to the protection of the remaining growth and in such manner as shall be prescribed by the authorized officer, and failure on the part of the applicant, or an agent cutting for an applicant, to comply with this requirement will render him liable for all expenses incurred by the authorized officer in putting this regulation into effect.

(c) *Area of land to be cut over.* The permits shall limit the area of cutting to embrace only so much land as is necessary to produce the quantity of timber applied for.
